"This contemporary London home sits at the heart of South Kensington - an area renowned for its glamorous shops and prestigious museums but also for countless bars and restaurants and with Hyde Park just round the corner".

This substantial town house accommodates up to 10 guests in 5 bedrooms with two large living areas and an amazing open plan kitchen and dining room. The internal courtyard is the 'cherry on the cake' of this property: such a rare finding in central London! Once the residence of an artist, this spacious house is nothing short of original - from the beautiful stained-glass windows to the fabulous open plan living area on the lower level, the charming courtyard and several pieces of artwork scattered in every room contribute to its distinctive appeal.
