The house has a fully equipped kitchen with dishwasher, microwave, coffee maker and other indispensable accessories. There is a pool table and other indoor games which can be found on the mezzanine above the living room. Outside, a covered annex with a second kitchen and a BBQ will delight the adults and will be the family gathering place.

Outdoors you can find a swimming pool (approximately 9 meters in length by 4 meters wide, the deepest end as 1.90 metres deep and near the steps it is 1 metre deep.) The pool offers an alcove with submerged bench, a refreshing area for sunny days. The pool can be heated on request at extra cost.

The grass has a swing set and other toys that benefit from the natural shade of the palm trees, an ideal place for children to have fun. Outdoor furniture makes the garden a relaxing and enjoyable space for the whole family.
