"It is be hard to find a more exclusive spot for a dreamlike holiday on the island of Mallorca! Perched up on a clifftop on a private peninsula overlooking Port Andratx, this property is unique and absolutely stunning, as is the 360-degree vista on the open sea and the Tramuntana Mountains and enjoys access by boat and by land".

Both over the land and the sea you can gain access to the property. As soon as you reach the gate, the property impresses with the wooden entrance and reminds of a fortress from earlier times. Surrounded by enchanting Mediterranean gardens, the property offers numerous opportunities to retreat to various terraces and enjoy the tranquility and exclusivity of the villa. The villa consists of a main house with 3 suites and a guest house, which is not inferior to the main house in terms of quality. A special highlight, the Lady D Suite is located in the main building, the "Princess of the Hearts" already spent one of her holidays here.

One of the most exclusive properties in Mallorca, just 30 minutes away from the island's capital, Palma, this villa is very close to Port Andratx marina, full of art galleries, boutiques and restaurants serving Mediterranean and international delicacies. Located near the village, this property offers a Mallorcan way of life, fantastic views over the open sea and the mountain scenery combined with a modern lifestyle.
