**A sophisticated vacation residence with breathtaking uninterrupted views over the Aegean Sea across the islands of Naxos and Delos, villa Persia is part of a 10-acre luxury gated estate, in the area of Pyrgi in Mykonos and it is perfectly situated between Paradise bay and Super Paradise beach.**

The villa consists of a 260 square meter main house and two independent guest houses and can accommodate up to 10 guests. Its architecture is a fusion of contemporary organic and Cycladic styles, incorporating natural elements of the landscape into the design. White-washed surfaces complement raw stone structures, while charming traditional details come together with pure modern luxury. The 130-sqm swimming pool is a stunning feature of the exterior design, growing organically from the rock formations of the landscape and ending inside the outdoor dining area! The exterior spaces include gardens, terraces, dining areas, daybeds, a big lounge area with pergola and wind protection as well as a barbeque area. The wonderful interior spaces provide all the modern amenities in a contemporary style adorned with Cycladic details. Rooms carved into the rock, wood ceilings, fabulous white built-in beds, and a double Jacuzzi with a view inside the master bedroom, result in an atmosphere of refined relaxation. The villa also provides staff quarters and the private estate includes a helipad, a charming chapel overlooking the sea, and a stand-alone professional kitchen facility, that are available upon request for special events or private parties at the villa.
