A beautifully renovated country villa with indoor spa and outdoor infinity salt-water pool with splendid panoramic views over the Maremma countryside is the perfect home for a family holiday in southern Tuscany, just 10 minutes' drive from the coast and its long sandy beaches.

Sympathetically refurbished in recent years in keeping with the natural and historical surroundings, this substantial country property combines architectural elements from the local rural tradition, such as the exposed beams and white-washed oak flooring inspired by ancient Tuscan barns with the high tech and modern interior decor. The villa features a wonderful indoor heatable pool (heating at extra cost), an external infinity pool and a glorious garden. The indoor heatable pool (11m x 4m) is usually closed from June until mid-September and it can be available only on request at extra cost from mid-September until May or other period to be agreed. The location is perfect for a family holiday in Italy, close to the beach and many quaint villages and sites. All rooms are flooded with light thanks to the numerous windows and French windows.
