If you love sand, sea and sunsets, this design beach villa for 6-8 guests with a heated panoramic roof top pool and within walking distance to one of Portugal's best west coast beaches, is just the place for you!

Comporta Beach Villa totals 310 sq metres and is positioned on top of a sand dune facing west towards the setting sun as well as enjoying distant views of the Arrabida hills. The pool with its curving deck is positioned on the roof terrace - a great place to enjoy sunsets - whilst Praia do Pego is just a few minutes walk away, through lavender and rosemary-scented pine woods. The main access to the beach runs immediately in front of the villa. A luxury villa of contemporary design, the property offers 5 bedrooms and open plan areas for relaxed elegant living, built around a central courtyard set for outdoor dining. It has floor-to-ceiling windows, with smooth stone, slatted wood features and look-at-me furniture setting the tone.

Available for vacation rentals all year round, it is fitted with a fireplace and has under floor heating throughout. A private walkway around the villa is planted to either side with prairie flowers and there is also a children's playground - all designed to blend in with the villa's setting. The Comporta region located within the Sado Estuary Nature Reserve where the Sado river meets the ocean, has long been a favourite holiday resort of Portugal's oldest families and has slowly also become known and loved by the international set, including a number of designers such as Christian Louboutin; due mainly to its simple charm and magical landscapes of rice fields and pine forests, thatched cottages and long unspoilt golden sandy beaches. Please note - Due to some unprotected drops from exterior terraces and staircases (but onto sand dunes), this property is not ideal for unsupervised toddlers! However, the owners have young children's themselves and there are a number of toys available plus a children's playground for clients to use.
