"Surrounded by generous gardens bordering a Nature Reserve on the edge of Port de Pollenca, this recently renovated Mallorcan farmhouse with pool, gym and home cinema is equipped with everything you need to entertain the whole family on holiday!"

This spacious country manor house has been completely refurbished and brought up-to-date with the latest comforts, making it an ideal family holiday home. Traditional features which help retain much of the villa's original charm include solid wooden beams, terracotta roof, tiled flooring and wooden window shutters. One of the highlights of this impressive property is the fabulous 360-degree view of the Tramuntana Mountains which guests can enjoy whilst in the garden, dining al fresco or taking a dip in the private swimming pool. Although surrounded by peaceful countryside, you can still reach the town of Port de Pollenca, its bars, boutiques and restaurants as well as the beach in just 3 miles by car or by bicycle.
